

# Be Heard!

Your response takes less than 10 seconds.

A laptop and a smartphone are shown side-by-side, both displaying the Engage360 survey interface. The laptop screen shows an email message with the subject 'Engage360 - We are genuinely supported when it is necessary to make use of flexible working arrangements'. The smartphone screen shows a survey question: 'I have the opportunity to continuously improve my skills beyond my day-to-day tasks.' with a five-point Likert scale from 'Strongly Disagree' to 'Strongly Agree'.

That's less time than it takes to get a drink of water.

# Did You Know?

You can get your  
Engage360 survey question  
in a text message.

That's better than receiving a  
text reminder for your next  
dentist appointment!

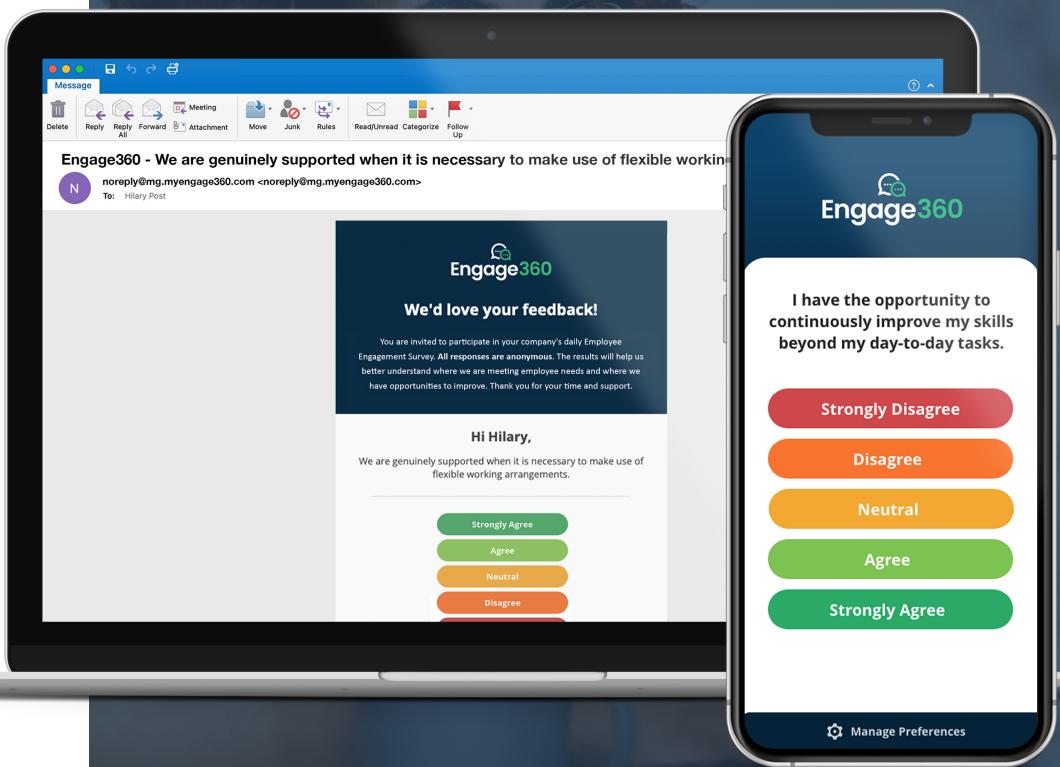

Click "Manage Preferences" at the bottom of the  
Engage360 survey email.

# What is Engage360?

A communication tool to improve your experience at work.

A laptop screen displays an email message from Engage360. The subject line is "Engage360 - We are genuinely supported when it is necessary to make use of flexible working arrangements". The message body includes a "We'd love your feedback!" section with a survey invitation and a 5-point Likert scale from "Strongly Disagree" to "Strongly Agree". A smartphone screen shows a survey question: "I have the opportunity to continuously improve my skills beyond my day-to-day tasks." with the same 5-point scale. The background of the slide features a large, faint image of a person working at a desk.

We want to know what's on your mind and it's 100% anonymous!

Help us identify opportunities for improvement.  
Got a suggestion? We'd love to hear from you!

# Are you participating?

Respond to each survey question.  
More responses = Better work environment!

That's more effective than a  
round of the telephone game  
with friends.

Your feedback is 100% anonymous!  
Provide your manager and company leaders with real-time opinions.
